Last week the Clinton media, that would be *CNN, MSNBC, ABC, CBS, NBC* and rags like the LA & NY Times began a coordinated effort to promote a consensus that Donald Trump is toast. Unindicted serial criminal, Hildebeast Clinton, is ahead in all the polls so it's just a matter of time until Trump does down.

The NeverTrump dogs are still at it. Yeah, they are and no one cares. The media has been all a twitter for weeks trumpeting GOP elites (that would be globalist RINOs) refusing to endorse Trump because they would rather see Clinton in the Oval Office.

[Dozens of Republicans urge RNC to spend money on congressional races, not Trump](#): "More than 75 Republicans have signed a letter urging Republican National Committee Chair Reince Priebus to spend the party's money on helping secure the Republican majority in the Senate, not on Donald Trump's presidential campaign."

Let me see if I have this correctly. Put Hildebeast in the White House which will finally finish us off with a Republican controlled house and senate. **Isn't that what we have now?** A criminal impostor in the White House, a Democrat, with a Republican controlled house and senate we were promised two years ago would go after Barry Soeotro/Obama.

Dirty rats Paul Ryan and Mitch McConnell will get in bed with Hillary keeping our borders open, give amnesty to tens of millions of liars, cheats, thieves and murderers, that would be illegal aliens and continue importing thousands of Muslims with no proper vetting. Make no mistake: that includes jihadists. Take us into yet more wars, push through the final nail in our coffin (sovereignty as well as jobs) the TPP (Trans Pacific Partnership) and spend us into the final collapse. Then there are 3-4 U.S. Supreme Court seats that will likely come up

in the next four years. How many Republicans in the senate voted for agenda driven incompetents like Sotomayor and Kagan? Enough to get both on the bench.

Hildebeast Clinton can't even fill a high school gymnasium. THAT is a fact. No one is going to her rallies. Hillary can't fill a room while hundreds are consistently turned away at Trump rallies because of space availability. I want you to go look at these pictures because they tell a story that can't be ignored. These are from all over America:

- [You can also see photos of the massive turn outs on Trump's Facebook page](#)

The turn out is the same for Hillary where ever she is appearing. 50 here, 150 there. It's like her supporters are there but no enthusiasm. Sort of like going to the doctor for an enema. Or, perhaps they've seen these charts - [do go look at them](#); source is U.S. Dept of Commerce. They show exactly what's going on and a lot of the blame can be put on the **current incumbent Republican controlled house and senate** who have refused to uphold their oath of office and have been spending trillions for unconstitutional cabinets and programs while giving the fraud in the White House nearly everything he wants for the past eight years.

Yet, if one is to believe the in-your-face propaganda by the Clinton controlled media, Trump is lost somewhere on the campaign trail while the majority of voters want their own destruction which translates to a vote for corrupt Hillary.

Wait a minute. All those polls you're hearing so much about on FOX and other networks from 'respected organizations' supposedly tell us what American voters want. Out of a sample of 803 voters or 642 voters or, gasp, as high as a poll calling 1,134 voters, all are for Clinton. She's leading! But, what happens when a group of individuals fed up with the media con game conducts their own poll?

[PG Farnsworth We have just completed our own poll](#) since we cannot get factual information from the mainstream media!! We called 1000 homes in each of the 50 states and asked basic questions on the economy, terrorism, immigration and presidential pick.

Economy was the number one factor that Americans are concerned about and terrorism was number two.

Presidential pick was Trump by a large percentage.

Trump 33478 votes 67%

Clinton 9788 Votes 19%

Undecided or other 6739 votes 13%

50,000 registered voters from all 50 states vs 803 or 1,134 voters. The poll above was also taken from registered voter lists. 33% Republicans, 33% Democrats and 34% independents. Now, tell me Hildebeast is up 14% anywhere except Hollyweird.

This is a useful piece of history:

[Summer of 1980 Poll Flashback: Carter 39%, Reagan 32%, Anderson 21%](#)

RUSH: "I want to remind you of some history. In June of 1980, basically the same period in the campaign where we are now, minus a month or so, in June of 1980 Jimmy Carter led Ronaldus Magnus 39 to 32. John Anderson, third-party candidate, independent candidate at 21%. Even into August and early September, Jimmy Carter was leading Ronaldus Magnus in the polls. Now, what I'm leading up to is that Reagan won that election in a landslide. Jimmy Carter conceded on election night before the polls in California had closed, 1980. The preelection polls into September did not indicate anything of the sort. In fact, there was not one poll that showed the landslide that happened.

"Now, a quick question. The Carter presidency was a disaster in June of 1980. It was a disaster in June of 1979. The Carter presidency was a disaster in June of 1978. The Carter presidency was a disaster for three of the four years. In truth, the Carter presidency was a disaster from the moment Jimmy was sworn in. It was an utter disaster and everybody knew it. The misery index was created in order to give life to the devastation. Unemployment was

sky-high. Interest rates -- I confuse interest rates with the inflation rate. But they were both in the teens. Or maybe it was unemployment was in the teens and the inflation was high, whatever. It was disastrous. Interest rates. People couldn't buy homes. It was an utter disaster."

Trump isn't just fighting Hildebeast, he's fighting a media that long ago disgraced themselves ([CNN Admits "We Couldn't Help \[Hillary\] Any More Than We Have"](#)), mega corporations who want cheap foreign labor to replace American workers ([Apple has, however, approved dozens of games poking fun at Donald Trump—including a game called "Dump Trump," which depicts the GOP nominee as a giant turd](#)) AND Republicans with their over-inflated fat egos who continue their efforts to sabotage Trump by refusing to endorse him and publicly state they will either not vote for him or they will vote for serial criminal, Hillary Clinton.

I've got news for rent boy, Sen. Lindsay Graham, do-nothing Sen. Ben Sasse, witless Sen. Susan Collins and the rest of the bunch: This is OUR country not yours. We the people are going to pick our president, not you, so go crawl back in your sheltered hole because we don't give a damn what you say. The Trump train gains momentum everyday while Hillary Clinton spends her time trying to fend off her 180th scandal with more to come, think the Clinton Foundation. Not to mention Wikileaks is getting ready to drop another load of emails that might finally finish her and Billy the serial adulterer and rapist off and perhaps to a federal prison where they belong: [Which Is Worse—an October Surprise or a December Surprise?](#)
