Donald J. Trump	Hillary R. Clinton
<b>Trade</b>	
Donald Trump opposes the so-called "Free Trade" agreements such as "NAFTA" that was passed in 1994 by Bill Clinton and supported by Hillary Clinton. Trump also opposes the "TPP" that will ship more jobs overseas and destroy our Constitution (Bernie Sanders agrees with Trump). <sup>1</sup>	Hillary Clinton not only supported "NAFTA" (5 million jobs lost), but also supports "TPP". Hillary Clinton has been a "Free Trader" all her life and is beholden to Wall Street and the Bankers - see the donations Clinton receives from Corporate America and foreign countries (Clinton Foundation). <sup>2</sup>
<b>GMO's</b>	
Donald Trump opposes GMOs and forced Vaccinations and supports the Raw Milk industry. <sup>3</sup>	Hillary Clinton is a big supporter of Monsanto and GMOs and the Pharmaceutical industry. <sup>4</sup>
<b>Foreign Policy/Iraq</b>	
Donald Trump was against the Iraq War, which many thousands of American lives were lost and the United States spent trillions of dollars of taxpayers' money to turn Iraq into a militant "Radical Islamic State." Trump also opposes funding al-Qaeda and ISIS for foreign policy objectives such as overthrowing Syria. Trump opposes the endless wars and rejects what Hillary Clinton did in Libya - the slaughter 100,000 Libyans. Trump opposes the U.S. paying 75% of NATO spending (Bernie Sanders agrees with Trump on this issue). <sup>5</sup>	Hillary Clinton, as U.S. Senator, voted for the Iraq War. Clinton also supported and oversaw as Secretary of State the destruction Libya and the slaughter of 100,000 Libyans. Clinton supports almost all the major conflicts and wars. Clinton also supported the overthrow of Ukraine by our government (Soros helped with this coup and supports Hillary Clinton) and supports undermining Russia. Clinton also supported the arming of al-Qaeda and ISIS and has admitted that the U.S. created al-Qaeda, the precursor to ISIS. <sup>6</sup>
<b>Open Borders/Immigration</b>	
Donald Trump will enforce the borders and enforce our immigration laws. Part of that plan is to build a "wall" on the Mexican border. It is costing the U.S. taxpayers billions of dollars a year (4.2 billion in 2011), increased crime (3 million arrests), that affects all Americans white or black. It is also hurting the U.S. worker (cheap wages), especially black Americans. Trump wants strict vetting. <sup>7</sup>	Hillary Clinton believes in "open borders" and illegal immigration. Clinton wants to grant amnesty to all illegal aliens and wants to increase the migration of Syrian refugees "500%" into the U.S. with no vetting. Trump wants strict vetting of any immigrants coming into the United States, especially from terror infested countries and if they believe in "Sharia Law", not allowed in. <sup>8</sup>

Donald J. Trump	Hillary R. Clinton
<b>Second Amendment (2nd)</b>	
Donald Trump believes in the right of the individual to own firearms & the original intent of the 2nd Amendment (militia/citizens) as stated by our founding fathers that includes semi-automatic rifles. He also supports "concealed carry". <sup>9</sup>	Hillary Clinton is a strong advocate for gun control and the eventual confiscation of firearms for law-abiding citizens. Clinton also wants to outlaw semi-automatic rifles; Bill Clinton passed the so-called "Assault Weapons" ban in 1994. <sup>10</sup>
<b>Common Core/Education</b>	
Donald Trump is against "Common Core" because it gives the government & Corporate America control of the curriculum that is dumbing down our students - local control. <sup>11</sup>	Hillary Clinton supports "Common Core" that is dumbing down our students and gives government & Corporate America control of the education system. "Common Core" is also part of Agenda 21. <sup>12</sup>
<b>Pro-Life/Court</b>	
Donald Trump is "pro-life" & defends the sanctity of life - Trump received the endorsement of the "West Virginians for Life Political Action Committee" - he also will appoint Supreme Court nominees who are pro-life & not activist judges. <sup>13</sup>	Hillary Clinton is "pro-abortion" and has been endorsed by "Planned Parenthood Action Fund." She will also appoint radical left wing judges who do not believe in the original intent of the Constitution such as "freedom of the press". <sup>14</sup>
<b>Energy/Economy</b>	
Trump wants to save the coal industry and other industries threatened by Hillary Clinton's extremist agenda - Trump is for clean burning fuels such as nuclear, natural gas and renewables such as solar. Trump will rescind Obama's executive actions including the "Climate Action Plan" based on false science. Trump will apply tariffs on countries that have unfair trade policies; 58% of African-Americans are unemployed. <sup>15</sup>	Hillary Clinton wants to shut down the coal industry & destroy the gas industry (thousands of high paying jobs). Clinton promotes "global warming" that is also promoted by the "UN and Corporate America" to control people & shut down industries & power plants in the U.S.. Hillary defends "Obamacare" that is destroying our healthcare system. Donald Trump is against Obamacare (Bernie Sanders agrees with Trump). <sup>16</sup>
<b>Police and the Drug Laws</b>	
Donald Trump will treat every American equally under the law without bigotry or hatred because of race and is against the law passed under Bill Clinton in 1994 (supported by Hillary Clinton) that put many African-Americans and other minorities in jail for non-violent drug offenses. <sup>17</sup> Trump will not support groups that are causing race divisions and lawlessness - many of these hate groups are supported by Clinton & Soros. <sup>18</sup>	Hillary Clinton supported some of the most draconian drug laws such as her husband Bill Clinton signed into law in 1994 as President that resulted in massive incarceration of African-Americans and other minorities for non-violent drug offenses. <sup>19</sup> At the same time, Clinton condemns the massive incarceration of Americans (5% of the population, but has 25% of the prison population) on her website. <sup>20</sup>
